Dear Ms. Grazyna Wysiadecka,

Along with David Benton, Chief Executive Officer of The International Council of Nurses (ICN), I would like to offer our sincere appreciation to Dorota Kilańska and her team of translators in their efforts to advance the International Classification for Nursing Practice (ICNP®) in your country. We recognise and greatly value the significant effort required for translation. The translation of the ICNP® 2011 release into the Polish language has provided Polish-speaking nurses an opportunity to participate in this important work.

I am also writing to notify the Polish Nurses Association about future plans for translation work with the International Council of Nurses (ICN). The next release of ICNP will coincide with ICN Congress in Melbourne, Australia in May 2013. We have asked Dorota if she would be interested in translating the ICNP 2013 Release. Dorota has agreed to this important work, in collaboration with Marcin Kędzierski, Director of the Center for Health Information Systems, who will support financially the translation and publication and coordinate dissemination in Polish hospitals.

As with all translations of ICNP, ICN will continue to hold the copyright and this translation will be available to all Polish-speaking nurses. Can you please confirm that you are in agreement with this plan? Please contact me with any questions.

Sincerely,
